WEST NIPISSING COMMUNITY HEALTH CENTRE

Public Pap test Clinic:

October 16, 2017

OPEN TO ALL WOMEN OF WEST NIPISSING

Don't count on luck to save you from cervical cancer.

As part of the **National Pap Test Campaign** being held during **National Cervical Cancer Awareness Week** (October 16-20), the West Nipissing Community Health Centre (WNCHC) is pleased to invite all women in the West Nipissing area to take advantage of the public Pap test clinic being offered in our community.

Please call 705-753-0151 to schedule an appointment. It is not necessary to be a client of the WNCHC to access this service. The WNCHC is located at 68 Michaud Street, Sturgeon Falls, Ontario.

The Pap test is **the only way** to detect abnormal cells in the cervix which, if left untreated, could develop into cancer. We are delighted to support and be an active part of this year's national Pap Test Campaign organized by the Federation of Medical Women of Canada and the Society of Obstetricians and Gynecologists of Canada.
